OF INVESTIGATION**

# National Child Identification Program

Parent/Guardian,

In an effort to ensure every child in Indiana is better protected, The National Child Identification Program is distributing Child Identification Kits to every student in kindergarten and 1<sup>st</sup> grade. If ever needed, this kit will give authorities vital information to assist their efforts to locate a missing child. This kit stays with you.

Upon completion of the kit, please sign this form and have your child return **only this form** to his/her teacher. The remainder of the kit is to be kept at home in a safe place.

I certify that my child \_\_\_\_\_ has received and completed the AFCA/FBI National Child Identification Program Kit. I will keep this completed kit in a safe place at home in case of emergency.
